

Foil Stamping

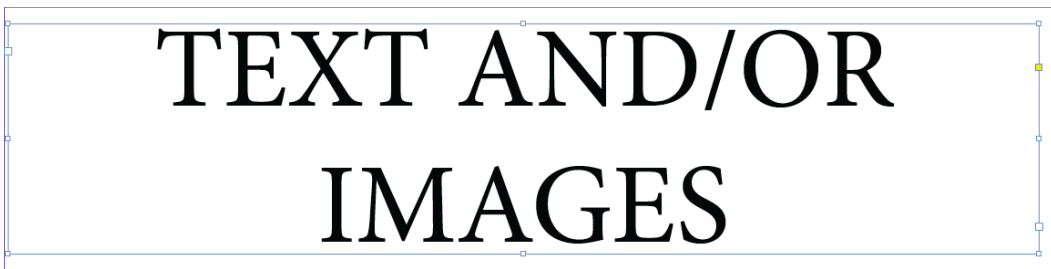

NOTE: Vector Text and Image ONLY (NO BITMAP, ex. photos)

Step 1: Create New Doc, Max Size: 2"x8"

Step 2: Create Your Text and/or Images

Step 3: Outline Your Text

Select your text and click: Type > Create Outlines or (command + shift + 'o')

Once outlined, small blue dots surrounds the text.

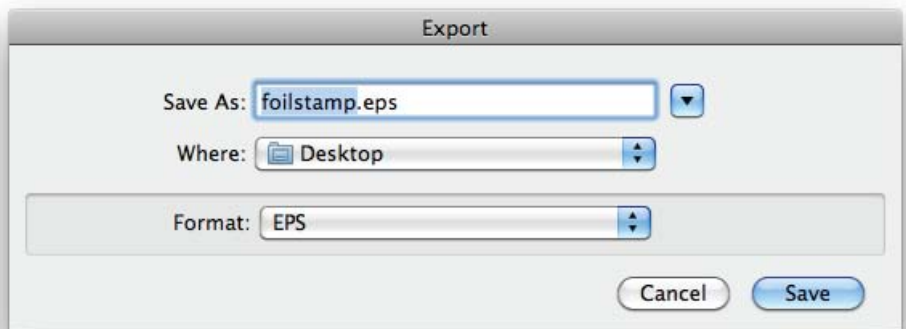

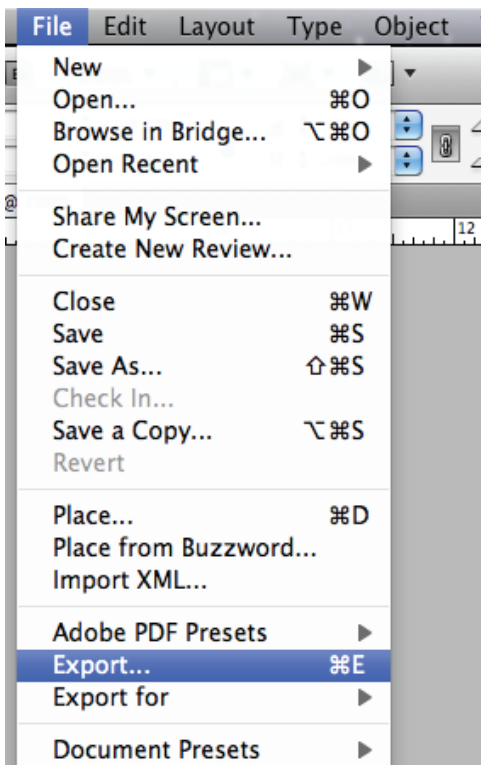

Step 4: Use Black Text/image on White Background

Regardless of die color, create your file in black and white. Inform us of your foil color choice via email.

Step 5: Export EPS or PDF

EPS, keep all default settings. PDF, use 'High Quality Print' preset.
